

INMATE TELEPHONE SERVICE UPDATE

Please be advised that the Nevada Department of Corrections (NDOC) will be transitioning from its current inmate telephone service provider, Global Tel*Link (GTL), to Embarq Payphone Services during the month of April 2008.

The change to Embarq will allow for reduced calling rates and will eliminate any set-up/transaction fees associated with pre-paid accounts which are set-up through Embarq as means for receiving calls from the NDOC facilities. Pre-paid collect accounts may be established via telephone at 888-506-8407 or via the internet at www.icsolutions.com. As the transition to the new inmate telephone provider occurs, we will update the NDOC web site.

In instances where there are remaining funds in an existing direct remit account established with Global Tel*Link, please call 800-231-0193 to make accommodations to receive a refund.

The following are the proposed dates and facilities that the first of the transitions will take place:

Nevada State Prison.....4/10/2008
Casa Grande Transitional Center.....4/8/2008

Florence McClure Women's Correctional Center
